

EPIGEN events

EPIGEN-MiChroNetwork Chromatin Seminars

“Differentiation and Stem Cell Pluripotency”

November 21 & 26, 2014

Hosts: Ileana Zucchi & Gianluca de Bellis – ITB-CNR, Milan
Venue: ITB-CNR, Via Fratelli Cervi, 93 - Segrate (Milan)

November 21, 2014

Program:

- 14:30 Opening comments by the hosts
- 14:35 **Local speaker: to be selected from abstracts submitted**
Title to be announced
- 14:55 Discussion
- 15:05 **Keynote Lecture: Elena Cattaneo – University of Milan**
Translating the Natural History of Human Striatal Development into Pluripotent Stem Cell Differentiation
- 15:40 Discussion
- 15:50 Coffee break
- 16:30 **Local speaker: to be selected from abstracts submitted**
Title to be announced
- 16:50 Discussion
- 17:00 Closing words

November 26, 2014

Program:

- 14:30 Opening comments by the hosts
- 14:35 **Local speaker: to be selected from abstracts submitted**
Title to be announced
- 14:55 Discussion
- 15:05 **Keynote Lecture: Hans Schöler – Max Planck Institute for Molecular Biomedicine**
Induction of Multi- and Pluripotency by POU Factors
- 15:40 Discussion
- 15:50 Coffee break
- 16:30 **Local speaker: to be selected from abstracts submitted**
Title to be announced
- 16:50 Discussion
- 17:00 Closing words
